

*"Simply, the best!"* FRIDAY EVENING, JULY 9, 2010

Twenty-five years ago, on a perfect summer night, hundreds of high-spirited guests, in classic chauffeur-driven antique automobiles, headed down the long drive at Round Hill...on their way to an enormous white tent on a bluff overlooking the water. It was the launching of what was to become one of the South Coast's most cherished traditions, one which has continued to grow, in popularity, in significance and in merriment, year in and year out.

This year, on Friday, July 9, at 6 p.m., right by the side of the sea at Demarest Lloyd State Park, the tradition will live on...Top-shelf Open Bar...Complete New England Lobster-Clambake Dinner...Silent Auction Extraordinaire...and Dancing into the night to the strains of music from Men in Black.

The 25th celebration of the Lloyd Center's famous CLAMBAKE (*"Simply, the best!"*) is a momentous occasion. For many, the event marks the start of the summer season. Over the years, its exceptional demographics have made it the choice of smart business leaders (see other side), seeking to raise their profiles in this high-potential market.

Today, the Center is working hard to protect the nature of our beautiful coast. Members of its teaching staff now bring outstanding environmental science classes to a record number of area public schools, reaching over 15,000 deserving children this past year alone.

We invite you to come and enjoy a very special evening with your valued business associates, prospective customers and close friends. We thank you for being part of a cause that is truly making a difference!

Please use the FAX-IT-BACK form (enclosed) to hold your table. Space is limited and the event traditionally sells out, so don't put this off...don't be left behind.

See you there!
